

K-LOVE serves my residency with a very positive influence. They are the most encouraging and honest station I have ever found. If our community loses K-LOVE I believe the biblical teachings they teach and the encouragement they share would be detrimental. Our community here in Anchorage, AK needs K-LOVE. They are the only station I listen to now and it would be a very sad thing if they are taken away. With the way the world is and the awful advertising out there, we need K-LOVE. Please don't take them away!
